

Important note for ākonga enrolled in Level 1 Science (**SCI1000**) - 2025

Exam standards timetabled on different dates

- If you are enrolled in our Level 1 Science course and register for more than one end of year exam standard, please be aware the standards are timetabled on different dates (refer to the table below).

Assessment method

- Chemistry and Biology exams and Science exams are sat digitally meaning you will sit them on your laptop at your approved exam centre school.
- Physics, Earth & Space Science exams are sat paper-based meaning you will handwrite these at your approved exam centre school.

Subject reference	Standard	Standard description	Exam date	Assessment method
Science 1.4	91923	Demonstrate understanding of science-related claims in communicated information	18-Nov	Digital exam
Physics, Earth and Space Science 1.3	92046	Demonstrate understanding of the effect on the Earth of interactions between the Sun and the Earth-Moon system	20-Nov	Paper exam
Physics, Earth and Space Science 1.4	92047	Demonstrate understanding of a physical system using energy concepts	20-Nov	Paper exam
Chemistry and Biology 1.3	92022	Demonstrate understanding of genetic variation in relation to an identified characteristic	25-Nov	Digital exam
Chemistry and Biology 1.4	92023	Demonstrate understanding of how the physical properties of materials inform their use	25-Nov	Digital exam
