

## Important note for ākonga enrolled in Level 1 Science (**SCI1000**) - 2026

---

### Exam standards timetabled on different dates

If you are enrolled in our Level 1 Science course and register for more than one end of year exam standard, please be aware the standards may be timetabled on different days (refer to the table below).

### Assessment methods

- **Chemistry and Biology** exams and **Science** exams are sat digitally meaning you will sit them on your laptop at your approved exam centre school.
- **Physics, Earth & Space Science** exams are sat paper-based meaning you will handwrite these at your approved exam centre school.

Subject reference	Standard	Standard description	Exam date	Assessment method
Physics, Earth and Space Science 1.3	92046	Demonstrate understanding of the effect on the Earth of interactions between the Sun and the Earth-Moon system	12 Nov	Paper exam
Physics, Earth and Space Science 1.4	92047	Demonstrate understanding of a physical system using energy concepts	12 Nov	Paper exam
Chemistry and Biology 1.3	92022	Demonstrate understanding of genetic variation in relation to an identified characteristic	19 Nov	Digital exam
Chemistry and Biology 1.4	92023	Demonstrate understanding of how the physical properties of materials inform their use	19 Nov	Digital exam
Science 1.4	91923	Demonstrate understanding of science-related claims in communicated information	25 Nov	Digital exam
